

**MINUTES
PAWLEYS ISLAND COUNCIL
SPECIAL EMERGENCY CALLED MEETING
POST HURRICANE DORIAN
9:00 A.M.**

DATE/PLACE: September 6, 2019
 Pawleys Island Town Hall

PRESENT: Mayor Jimmy Braswell, Ashley Carter, Guerry Green, Rocky Holliday &
 Sarah Zimmerman

ABSENT: None

POST HURRICANE DORIAN UPDATE

Sarah Zimmerman was in attendance at the Town Hall with Mayor Braswell, Ashley Carter, Guerry Green and Rocky Holliday in attendance via telephone.

Ryan Fabbri stated north-end and middle of the island is in good shape but the south-end has a lot of sand and debris in the road from Birds Nest area and south. Governor will be lifting the evacuation order at 10 this morning but vehicle access to south-end from Pritchard and Myrtle Street area will be blocked until DOT and the National Guard can get that area cleared. **Sarah Zimmerman made a motion to approve Goodson Construction to clear sand from the south-end of Pawleys with the anticipation of being repaid by DOT. Jimmy Braswell seconded. All in favor.**

Mayor Braswell stated that the island will be opened at 10:00 a.m. once the Governor lifts the evacuation order for the north-end and the middle parts of the island. The south-end will be available to property owners only by foot until the sand and debris has been removed from the road. Water will be turned back on shortly. Chief Fanning met with Midway Fire Department to access the south-end and found that there are leaking propane tanks and live wires in that area so that area is closed to anyone until Midway gives the okay. **Sarah Zimmerman made a motion to lift the evacuation order to coincide with the State just for the north-end and the middle sections of the island. The south-end of the island from Hazard Street on south will be restricted to everyone until Midway Fire Department makes their assessment. Ashley Carter seconded. All in favor.**

Meeting adjourned.
